Battered By House, Aid Bill Looks For Senate Hike

WASHINGTON, Aug. 19—(AP)—Battered by the house, the administration's foreign arms aid program looked to the senate today for gentler treatment.

The program was slashed and hedged in with restrictions before the house passed it last night by a vote of 238 to 122.

It marked a bad beating for President Truman's congressional forces.

Despite their entreaties, a 60 per cent cut was imposed on the \$1,100,000,000 earmarked to help western European nations resist possible Soviet aggression. Congress could decide to appropriate the rest of the funds next year.

On top of that, the house decreed that at least half of the supplies sent abroad must be carried in ships flying the American flag. The lawmakers also tightened a prohibition against using United States troops for other than non-combatant duty in connection with the program.

But the house granted the full \$211,370,000 the President wanted for aid to Greece, and Turkey, and the \$27,040,000 he asked for Iran, Korea and the Philippines and it beat back amendments to:

(1) Add \$100,000,000 for China and other southeastern Asia areas, (2) charge the western European allotment against the current U. S. military appropriation, (3) withhold funds from Britain as long as Ireland remains partitioned, (4) ban the use of U. S. troops for any purpose under the program, and (5) require the President to channel production into areas suffering from acute unemployment problems.

Defeat of those amendments was a shallow victory for the administration, whose house leaders had predicted confidently that they could stave off any cut in western European funds.

What they failed to figure on were the absentees and the defections from northern Democratic ranks, which usually line up solidly for anything the President wants.

TEAR DOWN JUNGLE INN, NEW ORDER

State Fire Marshal Acts To Raze Gambling Spot In Trumbull County

COLUMBUS, Aug. 19—(AP)—The Jungle Inn gambling casino at Halls Corners, Trumbull county, has been ordered scrapped.

State Fire Marshal Harry J. Callan ordered the two frame buildings torn down as a firetrap and a menace to anyone who might go inside the inn.

The destruction order was the latest twist in Gov. Frank J. Lausche's crusade against organized gambling. It followed by some 48 hours a detailed inspection of the night spot by Callan and assistants.

The inn was raided by state liquor enforcement agents last Friday night. On Saturday, about 100 slot machines were carted away from the inn and stored in nearby Warren by a court order.

List Numerous Counts

Callan's order of yesterday listed numerous violations of state fire laws in both buildings. The state fire marshal said, among other things, that one building violated Ohio laws because of size, seating capacity and use; because of insufficient and improper electric wiring was not in rigid conduits. A number of violations were also cited in the building's heating plant.

Callan found similar violations in the restaurant building, and in addition, one that stairs were too narrow. He also said the building was being held up by 11 steel screw jacks because the floor joists over the basement were badly weakened, and that "the life of building occupants is perilled by the danger of building collapse."

In Warren, Prosecutor William M. McLean moved against another night spot by filing padlock proceedings against Pleasure park of Kinsman township. The Trumbull county prosecutor's action was a preface to an attempt to close the place as a nuisance.

McLean said he acted after Rev. Aubrey A. Crawford of Kinsman Methodist church wrote him a letter calling Pleasure park "a menace to law and order."

Common Pleas Judge Lynn B. Griffith granted a temporary injunction against removing anything from the premises.

WOODS SEES FURTHER CUT IN CONTROLS

WASHINGTON, Aug. 19—(UP)—Republican members of the senate's "five percent" subcommittee said today President Truman's hot defense of Maj. Gen. Harry H. Vaughan has backfired.

One contended that secret testimony made public under prodding by Truman gives "some indication" what a Chicago perfume oil company got "in return for" the seven deep freeze units it passed out shortly after the war to Vaughan and others in the White House circles.

The Republicans thought the newly-released testimony, taken behind closed doors in the subcommittee's investigation of the capital's "influence industry," pictured Vaughan in a worse light than before.

Even administration supporters were slow to point out how the hitherto-secret testimony did anything much to improve the previous picture of Truman's military aide and long-time friend.

Asks Waiting Period

Truman, at his news conference asked reporters and editors to "suspend judgment" on Vaughan until all the evidence was in. He said the subcommittee, which has linked Vaughan's name to several alleged "influence" deals, was withholding secret testimony that was "favorable" to his military aide.

The subcommittee promptly released secret testimony bearing on Vaughan. It pictures his friend John Maragon, who worked for the firm that footed the deep freeze bill, as an attempted smuggler of perfume oils.

And it flatly contradicted Gen. Vaughan's assertion that the then-scarce freeze units which the Albert Verly Co. gave him and his associates were experimental models of "factory rejects."

The man who made them testified: "We had no such animal."

"The President asked for this testimony to be released," noted Sen. Karl E. Mundt (R) of South Dakota. "Certainly he and General Vaughan are welcome to all the solace they can secure from it."

Sen. Joseph R. McCarthy (R) of Wisconsin commented: "The record speaks for itself. It certainly isn't favorable to Vaughan. It gives some indication of what the Verly Co. was getting in return for gifts it made."

Tells of Trip

The bulk of the testimony, at the closed session on Aug. 15, was given by Harry Hoffman, Milwaukee advertising man who handled the Verly Co. account and who flew with Maragon to Paris on an air transport command plane shortly after the war.

Hoffman said he never talked to Gen. Vaughan "about getting any help for getting into Europe."

And he told the committee that the Verly Co. president, John Bennett, "never, to my knowledge, asked any favors or had me ask any favors from anybody at the White House."

These were the highlights of the hitherto-secret testimony:

1. Deep freeze units of the best quality then available—whch Vaughan had said were represented to him as having no commercial value—went to Vaughan and his friends starting June 12, 1945.

Drum Up Business

2. Maragon, Washington promoter who once shined shoes in Kansas City, got space about June 20 for himself and two other Verly Co. representatives on an air transport command plane. They left for France on July 17 to

SAYS DEMOCRATS CAN'T GO WRONG WITH LAUSCHE IN '52

NEWARK, Aug. 19—(AP)—A member of Gov. Frank J. Lausche's official family says Democrats "would not go wrong" in choosing Lausche as the Democratic nominee for president in 1952.

The remark was made last night by State Welfare Director J. H. Lammack at a three-county Democratic rally here.

The welfare director said: "Governor Lausche is one of the finest governors Ohio has ever had and the people who nominate the next Democratic candidate for President would not go wrong in choosing him."

Lammack was a substitute speaker for Rep. Stephen Young (D-Ohio), who wired that pressure of congressional business made it impossible for him to attend. Earlier, Young had described the meeting as the first in an "around Ohio stumping tour" by Democrats in opposition to the re-election next year of Sen. Robert A. Taft, Ohio Republican.

The welfare director, who was a Tuscarawas county common pleas judge for 24 years, said his remarks constituted his "first political speech in 24 years."

Others who spoke included William L. White, candidate for the Democratic nomination for U. S. Senator in 1950, and the assistant state attorney general, Robert Levering of Mount Vernon.

Heart Attack Kills Green, Fanatical Leader Of Klan

ATLANTA, Aug. 19—(AP)—A heart attack last night killed Imperial Wizard Samuel Green, the fanatical ruler of the Ku Klux Klan.

There was no doubt, however, the Klan would carry on though minus the energetic leadership of the thin, 59-year-old physician with the Hitler-like mustache.

A leading Ku Kluxer here said the board of directors probably would meet next week to name a successor to the rasp-voiced little man who breathed a spirit of resurgence into the "Invisible Empire."

Though Dr. Green had been a Klansman for 31 years, his family asked that the fact be omitted from his obituary.

At the time of his death, Dr. Green's passion for preaching "white supremacy" had made him a target for aroused newspaper editors and public officials.

They feared the Klan might ride to power again on prejudice, as it did in the decade of the 1920's, and become once more a powerful political factor in the South.

Angrily and bitterly, Dr. Green declared he was being "persecuted."

As a pattern of violence spread over the South in which masked men figured in cross burnings, beatings and threats, Dr. Green relied more and more upon a stock denial.

All these acts he ascribed without fail to "Bolshevik" groups over which he had no control.

He promised that any Klansman found guilty of violating

Our Old Man Of The Sea

Sinbad the Sailor had the best of intentions when he offered to carry the old man of the sea across a brook. Trouble was that when they had crossed the water the old man wouldn't get off and Sinbad couldn't shake him.

That's much the same fix in which this country finds itself with support prices and subsidies.

When support prices were fixed, this country and the world needed food desperately. Growers were guaranteed that if they would extend their acreage and provide this food they would be protected against any price drop. It was, at the time, an expedient measure. The trouble is that the emergency has passed but the remedy hangs on.

Large commercial companies have gone into farming on a big scale. In one Maine county 31 farmers received more than \$100,000 each last year under the potato price support program. The government paid \$199,000,000 for potatoes last year and paid \$25,000,000 more to give them away. Housewives paid high prices because the government kept the price up artificially.

This year, it is estimated, it will cost \$150,000,000 merely to store the nation's corn surplus. Wheat, cotton and other beneficiaries of the support program add to the astronomical cost of the program.

Nobody in Washington, proposes any plan for shaking off this double load of high taxes and high prices with which the American people are burdened. We took on this old man of the sea to cross the dangerous waters of a war. Now that we are on the broad plains of peace on the other side he hangs on tighter than ever and becomes increasingly burdensome. In Sinbad's "Arabian Nights" a magic helper always appeared. Can anybody conjure up a Genie?

Ignore Rules, Become A Statistic

The National Safety Council reports traffic fatalities for the first six months of 1949 are the lowest in U. S. history for the number of miles traveled. But there is small solace in this fact. For the actual death toll was 13,810, less than 1 per cent below the 13,910 recorded in the same period a year ago. Projected annually, the figures mean that the equivalent of the population of Miami Beach, Fla., will be wiped out in 1949.

The Council has done a magnificent job, of course, in keeping Americans constantly alert to the danger of motor travel on increasingly burdened streets and highways.

There is something brutally grim about the Council's accuracy in forecasting highway fatalities on big holiday weekends. A typical announcement may say: "Over the Fourth of July there will be 290 traffic deaths in the nation." Inexorably, death will occur in numbers close to the predicted figure. No matter how strong the appeals for careful driving, the fatalities will happen.

Death will come to drivers who have passed road tests and to drivers who haven't. It will strike everywhere, but most heavily in the country's big clusters of population like New York and Chicago.

It is abundantly evident now that mere warnings plus the simple road tests prescribed by most states will not halt the carnage on the highways. What, if anything, will check it? We suggest that motorists and all public and private agencies concerned with driving safely focus on three main points:

First, present-day driving has certain, inevitably explosive factors—the speed and maneuverability of modern cars, the inadequacy of most thoroughfares on which they travel, and the consequent continuing menace that unavoidable errors of human judgment will turn any normal traffic stream into a shambles of death in an instant.

Second, if the driver wants the best chance of averting a possibly fatal crash, he must recognize the explosive situation by acting seriously and responsibly when he is behind the wheel. He can't ever relax fully. The moment he diverts his attention is the moment an accident is born.

Third, the driver must not at any time assume that his fellow motorist is attending to business the same as he. Anyone who has plied the country's highways for long knows the only safe assumption is that the other driver will do the worst possible thing in a given case. He usually does.

These lessons might sound a little commonplace. But if they could be well learned by a majority of motorists we believe prospects are great that few drivers would wind up as added digits in the National Safety Council's grim statistics.

Crack In The Iron Curtain

That part of the iron curtain which encloses Yugoslavia has been disintegrating for some time. New breaks appear in the day's news.

Announcement that authority has been granted to Tito's government to buy an American steel mill indicates that this government believes Tito's quarrel with Moscow is a real fight. A steel mill is a potential war asset.

At the same time two other significant reports are being received. One says that the Yugoslavs will hold conferences with the Greek government. The other is to the effect that the border has been closed to Communist Greek guerrillas fleeing before Greek government troops.

Greece is the object of Moscow's intense hatred. Any show of friendship on the part of Tito's government would be as bold a break with the Kremlin as any step it could take.

Officials in Washington admit they don't know what Tito will do. It is possible of course that he will repair the break with Moscow and move back into the Russian orbit. They think, however, that the chance that the breach is real and permanent is good enough to make it worth a minor gamble

in the great world game in which peace and civilization are the stakes.

The Salem Business Bureau submitted favorable reports on the project of developing a municipal airport and landing field for Salem on a 155 acre field about 2 miles south of the city, which the Golf club would donate the use of for a five year period.

A woman without a bow as part of her costume this year is a rare sight. Perky little bows and thin languid ones are used at the neckline of coats, for belts, sashes, etc. Scarf collars end in youthful bows on shantung blouses to wear with tailored costumes and colorful ribbon is used to contrast with dark or white evening gowns.

Three tables of five hundred were in play at a meeting of the Just-A-Mere club associates Monday at the home of Mrs. Cora Schwartz, E. High st. Prizes offered went to Mrs. Jessie Cook and Mrs. Herbert Ward. Miss Leah Belle Kirkwood and Mrs. Pearl Williams were welcomed as visitors.

THE STARS SAY:

For Saturday, August 20
By GENEVIEVE KEMBLE

A DIFFICULT and perplexing day, with strange involvements and complications, due not only to temperamental outbursts, rash and wild impulses, but other show of erratic or fantastic entanglements. It would be wise to shun all unusual "characters" or become dupe to strange or weird propositions. Be guided by a realistic outlook, sound consideration rather than glamor or trickery.

If It Is Your Birthday

Those whose birthday it is, should determine to steer a clear, open and above-board course of action, in all contacts, plans and relations, since illusive, treacherous and fantastic affiliations might prove disastrous and invite loss of credit, reputation and beget pernicious entanglements. Realistic evaluation of curious circumstances or propositions could nip in the bud alluring or glamorous commitments. Reflection, sound judgment, logical investigation, could squash schemes and charlatanism.

A child born on this day, while having flashes of sound judgment and realistic insight may be carried to fantastic heights by strange inner urges, irregular, psychic, "phoney".

It's about time somebody invented a weed salad—so the home garden planting season won't have been a total loss.

Purple suede gloves are featured among the newest styles for men. Shall we shake his hand or wring his neck?

Friendly advice to young Latharios—keep your mind on the steering wheel rather than the clutch.

Guarding Your Health

By DR. HERMAN BUNDESON

OF all digestive tract disorders, none seems to affect more people than spastic constipation, a condition which gets its name from the fact that it is associated with prolonged contraction or spasm of the large bowel.

This type of difficulty usually but not always begins before the age of 30 and may continue for years, though periods of improvement occur from time to time. Abdominal discomfort is the rule with such patients. It may take the form of cramps in the lower left part of the abdomen or a feeling of fullness, symptoms

which may be relieved by the passing of gas or belching.

Amebic Infection

A number of organic conditions may play a role in producing spastic constipation. Among them are amebic infection of the bowel, cancer, or narrowing of the digestive tube by scar tissue. Nevertheless, by far the most frequent cause seems to lie in emotional disturbances and in every case they must be given attention in the treatment of the constipation.

Before treatment a thorough examination should be made, including X-rays, so that any conditions contributing to the disorder may be found and eliminated. Then the relation between emotional disturbances and the condition is explained to the patient. He must be made to understand that just as emotions may produce such physical changes as flushing of the face, rapid beating of the heart, and sweating of the palms, they can, under other conditions, bring about rigidity and spastic contraction of the intestinal wall as well as congestion of its lining membrane.

Once he understands this, the patient will realize that actual damage to body structures is not responsible for his condition. Since worry causes further emotional tension, he should also be told that constipation will not lead to auto-intoxication.

If the factors in the patient's surroundings which have contributed to the emotional disturbances can be found and eliminated, marked improvement will take place. Sometimes a vacation period may be of value. A period of rest in a hospital may be helpful.

Diet is of some value. A diet low in bulky or irritating foods is employed. Such drugs as phenobarbital which quiet the nervous system, may be helpful.

Whatever its cause, constipation is made worse by poor bowel habits, repeated enemas, or the constant use of laxatives. For this reason, it is of first importance that the patient stop the laxative habit and use diet, exercises, and the right habits to control the condition.

QUESTIONS AND ANSWERS

J. M.: My gums have been receding. I am 30 years of age. What can I do to stop this?

Answer: You should consult your dentist about this matter. In many cases, the cause for receding of the gums cannot be found. It may be that you are developing pyorrhea. You should not delay in having treatment carried out.

Daddy's Hotel Job Brings Family Out

NEW YORK, Aug. 19.—(AP)—The Hickeys—Mr. and Mrs. and nine little ones—picked the Hotel Statler again today to try to get back Hickey's job as doorman.

After pacing the sidewalk on Seventh avenue for two hours, they went home "to rest and feed the kids." Hickey said they would return.

Their places were taken by four men pickets, who said they were doormen at other hotels.

The protest began Wednesday. Mrs. Hickey pushed the youngest child, Robert, 14 months, in a baby carriage. The other children were Sandy, 2; John, 3; Margie, 5; Betty, 6; Henry, 8; Patrick, 9; Frankie, 11, and Dickie, 14.

They carried signs reading: "What did my daddy do?" "My daddy never did anything wrong." "Statler, please give my daddy his job back."

Pied Piper Drives Dolls Out Of Town

SOMERSET, Pa., Aug. 19 — (AP)—This is the day the Pied Piper drives the dolls out of Somerset.

The rag dolls and the fancy dolls are leaving this western Pennsylvania town for a very good purpose. They are going to Europe to gladden the hearts of children who have no toys.

Peggy Reiley, woman's editor of The Somerset American, organized the campaign to collect dolls for Europe. She has more than 1,000 so far and expects 2,000 by the time she sails for Europe to distribute them in September.

A Pied piper parade is the highlight of a three-day festival of dolls. Four girls, clad in the traditional flowing garb of the Piper of story book fame, will roam the town.

At the sound of their flutes, the children of Somerset, dressed like dolls, will run from their houses and follow the Piper in a parade to the county court house and thence to the high school auditorium.

The auditorium looks like a toy shop with more than a thousand dolls on display. Each doll bears a tag giving the name of the donor. Also attached to the doll is a postal card to be filled out by the recipient and then mailed to the person who gave the doll.

Dolls have been given by Somerset children and by people in every state of the union and Canada.

TAILOR REVEALS SECRETS ABOUT MONIED CLIENTS

DENVER, Aug. 19 — (AP) — Ninety percent of the customers who buy \$300 suits are nuts, Tailor Sam Weintraub says.

Sam proclaims he makes "the most fashionable clothes in the world." Men who telephone their orders from New York, Chicago, San Francisco and other cities give support to his claim.

Sam's cheapest suit sells for \$210 and some customers pay as much as \$700 for a vicuna (fine wool) overcoat. The reason for his success, Sam told an interviewer yesterday, is this:

Got to Change

"You run into big money and the first thing you want to do is be original. You don't want to be like everybody else anymore. So you don't just wear a store suit. You wear Weintraub. They're nuts!"

In detail, Sam explained:

"I got a customer, a lawyer, must make a fair salary. He gets divorced and now he comes to me for three suits. He's got a stomach, no chest and he's chasing after a girl in Chicago. All he wants to do is cover this thing here (Sam points at his stomach). He's nuts."

Sam says he wants his patrons "to look a certain way. Most men are big stomached, flat chested, disfigured. But we want our customers to look just so. We don't guarantee nothing — but style we give him."

If you're flat chested, big stomached or disfigured (and got 300 bucks) don't rush to the 'phone and expect Sam to take your order for a hand stitched suit.

You need enough dough for three of them. That's the minimum order.

"I lose money on just one suit—no matter how much I charge," Sam said.

"I love this business," Sam added appreciatively. "I'm crazy about it."

SOCIAL NOTES

Carol Culler Wed To Raymond Taylor

Wearing a distinctive gown of white marquisette and Chantilly lace, Miss Carol Margaret Culler was a charming bride for her marriage to Sgt. Raymond C. Taylor at 7:30 p. m., Tuesday in the Chapel of Friendly Bells, Youngstown.

The bride is the daughter of Mr. and Mrs. Orville Culler, Columbiana-Leetonia rd., Leetonia. Sgt. Taylor is the son of Mr. and Mrs. William E. Taylor, near Middleton.

A few relatives witnessed the double ring ceremony solemnized by Rev. C. F. McBride, of Youngstown. Gladioli in the altar vases formed the setting and lighted white tapers in seven-branch candelabra shed a soft light on the scene.

Fifteen minutes of organ selections which included "O Promise Me," "I Love You Truly," "At Dawning" and "Because" preceded the service. The traditional wedding marches were used for the processional and recessional. During the ceremony the "Lord's Prayer" was played.

Mr. Culler escorted his daughter to the altar and gave her in marriage. The bride's gown was trimmed with tiny buttons to the fitted bodice attached to the full skirt. Her finger-tip veil was caught in a wreath of lily of the valley. She carried a white Bible and a bouquet of white roses and red carnations with white streamers.

As her cousin's maid of honor, Miss Myrna Culler of Columbiana wore an attractive ice blue gown styled much like the bride's with fitted bodice and long sleeves. She wore a matching veil and carried red roses and white carnations tied with wide white ribbon.

Leon Taylor, brother of the groom, was best man. Albert Blosser, a friend of the couple, and Arlen Taylor, brother of the groom, ushered.

For her daughter's wedding, Mrs. Culler appeared in navy blue with matching accessories while Mrs. Taylor's dress was dark green with grey accessories. Both wore corsages of red roses and white carnations.

Approximately 50 relatives attended a reception held at the home of the bride's grandmother, Mrs. John Wisler, Columbiana-Leetonia road. Laid with a white linen cloth, the refreshment table was beautifully appointed with white gladioli and candles in crystal. The large three-tiered wedding cake was also topped with white gladioli. Miss Lois Taylor, sister of the groom, poured, while Mrs. Lester Melinger, Mrs. Arthur Wisler, Mrs. Galen Burt and Mrs. Arthur Wisler, Jr. assisted in serving. Guests were from Youngstown, North Lima, Greenford, Leetonia and Columbiana.

Sgt. and Mrs. Taylor are graduates of Fairfield Centralized school, class of 1946. For the past three years she has been employed as a nurses aid at Salem City hospital. Sgt. Taylor has just returned after spending two and a half years service with the Army Air Force in Japan.

When the bride left on her honeymoon she was wearing a grey suit with green accessories. The couple will make their home in Biloxi, Miss., where Sgt. Taylor will be stationed, after a 30-day furlough.

The ceremony was solemnized at St. Aloysius Catholic church rectory, East Liverpool, by Rev. Fr. Slipski, who used the single ring service. Parents of the couple attended.

The bride was attractive in a hunter green faille outfit, with which she used grey accessories and wore a corsage of white roses and carnations.

Mrs. James Bell, matron of honor, appeared in a beige suit with brown and white accessories. Her corsage was of white roses and carnations. Mr. Bell was best man.

Mrs. Scullion, the bride's mother, was costumed in navy blue silk with pink accessories. Mrs. Bell used black accessories with bemberg print.

The wedding reception was at the groom's home. A white linen cloth covered the table, graced by a three-tiered wedding cake. Mr. Bell is employed on the Less farm at Greenford.

Child's Future In Judge's Hands

BOSTON, Aug. 19.—(AP)—The future of a chubby four-year-old girl who was lived with a Chinese laundryman and his white wife for two years posed a million dollar problem today for a probate judge.

Custody of Judith Ann Rouff, 4, sought by her mother, Mrs. Dora Rouff, 24, Mr. and Mrs. Jack Ho, who have had the child since 1947, and Mr. and Mrs. Thomas Donnelly of Burrillville, R. I., who have adopted Judy's sister.

Taking the case under advisement yesterday, Judge Robert G. Wilson Jr., said it is "more disturbing than a \$2,000,000 will case because it involves the \$2,000,000 future of a little girl."

The judge's statement came after he tried in an interview in his chamber to establish which of the petitioners the pigtailed child loved best.

Judy had hardly entered the chamber when she decided "I guess I'll go now."

"Where will you go" the judge asked.

"To my mummy," the little girl replied.

Judy raced past her own mother into the arms of Mrs. Ho when the judge led her to the courtroom door.

Judge Wilson said he would not make a decision immediately, but added "as far as the petitioners are concerned Mrs. Ho has made an unexpectedly good impression."

"The natural mother of this child," he said, "does not impress me. She has been pretty close to abdicating any claims she may have."

OHIO GETS BACK IT'S "LOST ACRE"

COLUMBUS, Aug. 19.—(AP)—The State of Connecticut completed Thursday the transfer of its Ohio acre to the Jackson township board of education in Paulding county.

The transfer by quit-claim deed, took place in the office of Gov. Frank J. Lausche.

The presentation was made by a delegation headed by Mr. and Mrs. Vincent Uricchio of Hartford, Conn. Uricchio is outgoing state commander of the Disabled American Veterans. Also in the delegation were Mrs. Kathleen O. O'Connell of Bridgeport, Conn., state commander of the DAV auxiliary, and Mrs. Stella Barro of Bridgeport, also a DAV auxiliary member.

Uricchio remarked as he made the presentation:

"It's a sorry day for the State of Ohio to lose its birthright in the State of Connecticut. It presents, however a classic example of the friendship between states

Salem Township

as contrasted with the bickering between the states of Europe." To which Governor Lausche replied: "This is a separation of land only; it indicates no separation of friendship between the two states."

The acre deemed to the township today was land set aside for school purposes when the area was owned by Connecticut. Connecticut has stipulated, however, that should the land ever fall into disuse for school purposes it should revert to the State of Connecticut.

SOUTH CHINA AREA BEING EVACUATED

U. S. Consular District Is
Cleared; Mission Groups
Leaving

By VICTOR KENDRICK

HONG KONG, Aug. 19—(UP)—More than 80 American consular officials will evacuate South China, including the Nationalist capital of Canton, and come to Hong Kong within the next two days, it was announced today.

U. S. Consul General George D. Hopper said the evacuation will pull all American officials out of the Canton consular district, covering four provinces in South China.

At the same time the Nationalist central news agency reported that all U. S. consular officials had been ordered withdrawn from remote Sinking province, bordering on Siberia in north-west China.

Leave By Car

The consular staff of 16 persons, headed by Consul J. Hall Paxton, left Tihua (Urunchi), capital of Sinkiang, by motor caravan last Tuesday. They will

return to the United States by way of India.

The dispatch said Vice Consul Douglas Mackiernan remained behind to look after consulate property. Recent reports said the Communists were taking over Sinkiang province by degrees without fighting.

An American navy evacuation fleet of four vessels under command of Rear Adm. Oscar C. Badget, U. S. Navy commander in the Western Pacific, has arrived at Hongkong to help in the evacuation if needed.

Latest reports from the fighting front said that Communist troops have either captured or surrounded the last Nationalist bastions of Kanchow and Hengyang defending the roads to Canton.

Reports from Canton said there were no signs that the city would be defended against the Communist armies which at last reports were little more than 200 miles north and a northeast.

These reports said there appeared to be little in the way of Nationalist military strength to prevent the Communists from marching into Canton whenever they find it convenient.

Only about 200 of the 707 Americans in South China have shown any signs of leaving, Hopper said. These are mostly businessmen. All who intend to leave are expected to quit Canton within the next week.

Send Families

Some missionaries already have sent their families to Hong Kong even though they intend

to remain behind themselves, Hopper said. He said that several consular families also have arrived in Hong Kong already, as well as a large amount of consular baggage.

Hopper said it may be necessary to charter airplanes to evacuate the Americans if private transportation facilities become jammed in the rush to escape the Communists.

Consular sources said there was no plan at present to send Navy planes or Navy ships to Canton to help in the evacuation. Permission to do so would first have to be obtained from the Chinese Nationalist government.

A report from Kunming received here said a number of mission groups in Yunnan province also are preparing to leave immediately.

The Seventh Day Adventist Missionary group already has left, this report said, and the Lutherans and Pentecostals are packing their bags. Only a small number plan to remain.

The evacuation from Kunming will have to be made by air as all land routes to the outside have been closed by local fighting and banditry. The report gave no indication whether the Kunming consulate will be closed.

Bucyrus Plans Vote On
Charter Government

BUCYRUS, Aug. 19—The city of Bucyrus was a step closer today toward forming a charter government after an ordinance to put the plan on the ballot was approved unanimously by city council.

Council passed the ordinance last night shortly after receiving petitions supporting the charter plan and bearing the signatures of about 500 voters. The drive for the charter government was sponsored by the Bucyrus Junior Chamber of Commerce.

AMERICA AT PLAY

VACATION! They've picked time and place, and they've planned and saved for months. Now they're off!

That's the American way—the way of free choice—so familiar, we take it for granted. A man picks his job, leaves it freely for a better one. He chooses the town he'll work in, the house where he'll live. He saves or spends as he wishes, with only his income and his wife to dictate to him.

It's not that way everywhere. In some countries, the government puts a man in a city, a house, a job, with no choice in the matter. He can't quit, leave town or move around the corner without permission. If he gets a vacation, he is told where and when to go. The government runs everything, the people nothing.

That's what happens when a free people turn over their responsibilities to their government. They also turn over their freedom of choice. Socialism is the result. How does Socialism happen? Not overnight. It is woven slowly, a thread at a time, into the bonds of slavery. Little by little the government assumes powers other than governing—until it finally assumes all power.

In this country, the government has already entered the electric light and power business—and is aiming at medicine, steel, railroads, and other industries. That is how Socialism got its start in other countries. Talk to your friends and neighbors and see how they feel about this creeping Socialism that threatens your way of life.

Disappointed In Mounds Club Case

PAINESVILLE, Aug. 19—(AP)—State Liquor Enforcement Chief Anthony J. Rutkowski, jolted by yesterday's acquittal of two Mounds club employees, pledged to keep up the fight against the gambling palace.

Rutkowski expressed disappointment over the verdict finding the two men innocent of illegal possession of liquor. But he said two guards, also arrested July 9 in a raid by state liquor agents, would be tried next.

A seven-man, five-woman jury took less than an hour yesterday to acquit Thomas Farley, 56, club manager, and Emil Ray Rehart, 34, bartender, of the charges. The club is not authorized to sell liquor.

Municipal Judge A. W. Hayer said the two guards, Norman Pettie, Sr., 48, and Norman Pettie, Jr., 20, would be tried "as soon as possible." They are charged with obstructing an officer. An additional charge of assault and battery is lodged against the elder Pettie.

State witnesses testified in the trial ended yesterday that liquor was found when the gaming showplace was raided. The defense contended it was used in food sauces.

Defense Lawyer Richard J. Moriarty charged the state with hounding the Mounds club for political reasons. The club was closed on fire marshal's orders July 16.

MIDLAND FIRM TO FILE AGAINST CIO

EAST LIVERPOOL, Aug. 19—F. G. Gramm, president of the Treadwell Construction Co. at nearby Midland, Pa., said today the steel fabricating firm has filed charges of unfair labor practices against the United Steelworkers of America and Local 1274.

The local struck the plant Aug. 8, declaring members could not work without a contract which expired in May and was extended through July. About 200 employees are idle.

The company said in its complaint to the Pittsburgh regional office of the National Labor Relations board the union "is refusing to bargain in good faith and has called and maintained a strike" as unfair labor practices.

The NLRB has assigned a field examiner to start taking testimony next week.

DEPARTMENT OF CONJECTURE

Tomorrow morning (at 9:30) may not be such an important event in your life, but to about 80 to 100 youngsters, all candidates for what may be the best Salem High grid team in years, it's a fairly momentous day.

Yes, the time has come once more. The Quaker gridders open practice sessions, at a two-a-day pace, for the 1949 football season. Coach Ben Barrett will start the grueling pace tomorrow and plans to keep up the double-duty schedule until school opens on Sept. 7.

Grid squads throughout this district also go to work Saturday, all of them skipping the legal spring training period earlier this year. Teams that held spring practice are not allowed to start workouts until Sept. 1.

Due to the difficulties involved in locating a training camp in this area, the Quakers will not have a camp as was hoped earlier this summer. The Boosters were willing backers in the project, but things couldn't be ironed out suitably to go ahead with the camp.

Needless to mention again, Salem's first ball game, that one with New Philadelphia on Friday night, Sept. 16, is one that should provide plenty of enthusiasm for the early workouts.

The down-state Quakers, bud, are loaded for bear! And it'll be a handful of stiff chores for Barrett and his coaches to get ready for that first one.

New Philly held spring practice and won't begin laboring until Sept. 1. That is about the only advantage Salem has at the moment.

DEPARTMENT OF CONGRATS

A flock of well wishes and congratulations for a job well done go to President Francie Brennan and his Leetonia Boosters club today.

The Bear Boosters turned on the old park fireplace Thursday night and entertained the 30-some Bear gridders, Coaches and a few others in a pre-practice get-together.

Coach Harold Morrow and Assistant Andy Mruzik, together with a new aide, Carl Wilson, were on hand and report that hopes are high in Beartown this season.

The kids seemed to appreciate the send-off by the club and the affair certainly was a success.

Tribe Salvages Final Game From St. Louis

Tricky Sox Next; Doby, Vernon Star

But Yanks Win, Too, So Victory Is Hollow After Twin Loss

CHICAGO, Aug. 19—(AP)—Having salvaged the remaining game of a disastrous series with the eighth place St. Louis Browns, the slightly dizzy Cleveland Indians tonight face another of those dangerous second division clubs—the Chicago White Sox.

The Tribesters beat on their chests last night and buried the Browns 14 to 4. It was a puny revenge for the double drubbing they received Wednesday, however, because the New York Yankees also won and the Tribe remains five games out of first.

Leaders in the 15-hit assault on Karl Drews and Ralph Winegarner were Mickey Vernon and Larry Doby. Both hit three-run homers and Vernon added a run single for five RBIs in the game.

The Tribe wasted no time. They combed Drews for three runs and four hits in the first and added four more runs on three hits in the second. Doby hit his 18th homer in the first inning burst and Vernon blasted his 14th in the second.

With that kind of hitting Bob Lemon coasted to his 15th win of the campaign. He gave seven hits, but walked six. A couple of the walks combined with two hits and an error accounted for three of the Browns runs in the seventh.

The 40-year-old Winegarner, former Cleveland hurler and Brownie coach this year until called out of retirement by the shortage of pitchers, relieved Drews in the sixth with three runs in and nobody out.

He gave up two more hits in the inning, one of which was a fluke, and three more runs, but flanked the Tribe without a blow for the three remaining stanzas.

Mike (The Bear) Garcia, is expected to get the call against the Sox tonight. The big rookie has pitched solid ball for the Tribe of late, but could use the kind of hitting Lemon got.

The Spunky Sox, behaving like their "hitless wonder" predecessors, will counter with Randy Gumpert (10-10).

Ten last four games the Sox played were shutouts. They won three of them, two from the Browns and one from Detroit, before bowing 2 to 0 to the Tigers yesterday.

Manager Lou Boudreau changed places in the batting order with Doby last night, Doby taking the cleanup spot and Boudreau hitting second.

Boudreau, who hit brilliantly in the fourth position during the successful home stay, suffered his worst night in a long time during the double tragedy Wednesday.

He came to the plate five times with men in scoring position and did not advance one of them. Altogether, he left nine men stranded.

Boudreau had moved to the cleanup position Aug. 2 in Washington and in 18 games he slugged across 14 runs, most of which were needed badly.

Doby now is in the charmed circle but definitely, hitting a heat 304. Leader in the important runs batting in department, however, is Vernon with 68. Joe Gordon has 67 and Doby, 66.

Boudreau declined comment on charges by a wire service photographer that the Cleveland manager destroyed negatives of a picture he made after Wednesday's doubleheader.

Earlier, Boudreau said he asked for the cameraman's holders and threw away the film "because the photographer didn't ask my permission to take the picture."

The photographer claimed he was shooting a picture of the batboy gathering bats, when Boudreau walked into view.

BROWN, FRISCO BATTLE READY; EXPECT 35,000

Game Will Be Exhibition In Name Only; Teams Always Even Go

CLEVELAND, Aug. 19—(AP)—The pre-season All America conference pro football clash between the Champion Cleveland Browns and San Francisco 49ers tonight will be an exhibition in name only.

Both clubs are ready, and when the Browns' Lou Groza or San Francisco's Joe Venturano opens the game with a booming end over end, a tough battle will be on. Proceeds from the game will go to the Cleveland zoo.

A crowd of between 30,000 and 35,000 is expected to witness the seventh battle between the rivals. Cleveland holds a 5 to 1 edge in the series, but all of the games have been tossups. The only defeats absorbed by the 49ers last season were at the hands of the unbeaten Browns, 14 to 7, and 31 to 28. The Browns enter the contest with a record of 19 straight wins.

Buck Shaw's maulers still spearheaded by Left-handed Passer Frankie Albert, already have won two exhibition tilts. They walloped the Los Angeles Dons, 28 to 7, before 81,000 in Los Angeles and whipped the Buffalo Bills, 21 to 10, at San Francisco.

Paul Brown's charges have won their sole exhibition over Chicago, 21 to 10, at Toledo last Sunday.

Both clubs are in excellent physical shape. The 49ers, with a squad of 34, reported only Full-back Joe Perry and End Nick Suseoff were left home to nurse bruises.

Tommy James will miss the game for the Browns, who will have 39 men in uniform.

Clippers Start Football Drills

COLUMBIANA, Aug. 19—Football practice will begin at Firestone park Saturday morning at 9.

Last year's lettermen received their equipment yesterday, and all other prospective players were to receive theirs at the High School building this afternoon.

Returning lettermen for the squad this year are Charles McBride, George Fisher and Donald Kabler, backs; Charles Baker, John Laughlin, Edward Moorehead, ends; Sam Greiner, Willis Miller, tackles; Jack Guy, guard; Bill Grant and George Churan, centers.

The Columbiana Youngs will play the Salem Merchants at Firestone park Sunday afternoon at 2:30.

Softball Picture Altered; Demings Loses To Diner, Amvets Move To 1st

By virtue of the Salem Diner's neat 5-2 victory over Demings, the Salem Amvets stepped into first place in the American softball league Thursday, winning 2-1 over a determined National Sanitary club.

The Amvets managed the trick the Diner couldn't in besting the Sanitary and as a result, the Amvets now stand first, Demings second and the Diner a close third.

In other games last night Parker Chevrolet's won 6-2 over the Saxons and in the National league the Salem China won handily 12-0 against Fishers, while the Salem VFW thumped the Electric Furnace 6-0.

No changes were made in the National standings, but the VFW maintained its second place status, now having a 19-4 mark for the year.

State Softball Tourney To Be Youngstown Event

YOUNGSTOWN, Aug. 19—(AP)—Sixteen teams, representing all parts of the state, will compete starting Aug. 26 in the 16th annual Ohio men's softball tournament.

Contestants are to be selected this week in 14 district eliminations, and drawings will be

made here Monday. Should weather delay the qualifiers, pairings will be made by districts. The state meet is slated to end Aug. 30. Entrance will be from the 14 districts, plus one free entry from Youngstown, and the defending champions, the General Fireproofing Co., also of Youngstown.

Winner of this year's state meet goes to the regional tourney at Buffalo, N. Y., starting Sept. 2, from where the victor advances to the world championship event at Little Rock, Ark., Sept. 15-21.

Eighteen teams will play in the world meet. Included will be entrants from Mexico, Canada and Puerto Rico, Nick Barack, of Columbus, president of the American Softball association, has announced.

The women's state softball tourney opened today at Springfield with 14 teams competing. The winner advances to Buffalo, and the victor there goes to the national tournament at Portland, Ore.

CANTON, Aug. 19—Charles R. Hise, who was stricken ill soon after the death of his mother, Mrs. Della Hise on Tuesday, suffered a coronary occlusion late Thursday night and died shortly after midnight in his home here.
The 47-year-old grocery salesman went to the Spiker Funeral home Wednesday night to view the body of his mother. Members of the family said he appeared nervous and was visibly affected. He was taken home and his condition grew steadily worse.
Services for his mother, widow of Allan Hise, were to be held at 2:30 p. m. today with burial in Salem. Services for her son will be at 1 p. m. Monday with burial in the same place.

Hise, a native of Salem, had been a Canton resident 26 years. He was formerly employed by the Creasey Co. and the Tusco Grocery Co. of Uhrichsville.
Since May, he had been associated with the Dannemiller division of the Consolidated Grocery Co.
He is survived by his widow Mrs. Lucille Hise; a daughter, Vicki Lee Hise of the home; two brothers, Harold of Salem and Jesse Hise of Indianapolis; and four sisters, Mrs. Mary Justice, Mrs. Robert Buchtel and Mrs. Margaret Filliez of Canton and Mrs. K. E. Wolgamuth of Cleveland.

WHO

is a Specialist?

ONE definition of a specialist is this: "He who seeks to do a particular job a little better than is commonly considered necessary." We like that definition—and patrons like our interpretation of it in the compounding of prescriptions. Why not bring your next prescription to us?

NBOP executive board, led by James M. Duffy, president.

In the 1948 wage conference workers were given a general 10 per cent increase and other concessions as the result of a nine-day meeting at Atlantic City.

The fourth general increase given the NBOP since mid-1948, the boost meant a jump in hourly pay scales ranging from nine to 23 cents, manufacturers estimated.

Took Effect Oct. 1

The raises took effect on the first full pay after Oct. 1. They raised the minimum rate for workers to 37 cents hourly and boosted the male to \$1.19.

The agreement also provided for a 10-cent hourly boost for warehousemen in addition to the general 10 per cent boost and an increase in the differential for the third-shift workers from 5 to 10 cents hourly.

The changes affected all general wage and china ware employees, the majority of the 23,000 members claimed by the NBOP.

An Added Service

We now have our own laboratory for making water analyses for water that is not city controlled. We can tell you the PH of the water (whether it's on the acid or alkaline side, which would cause corrosion or scaling), the iron content, and the water hardness.

This is a free service, and is not dependent upon you buying our water softener or subscribing to our soft water service.

We are engaged exclusively in the water softening business. Our equipment is fully guaranteed.
